

Ladysmith

MAIN STREET

is HEALTH CARE

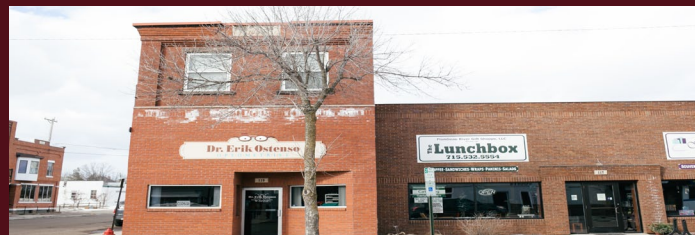

Remember the good old days when a trip to the dentist or the eye doctor meant going downtown right next to the banks, cafes, stores & barber shops? Back when you could park the car in one spot and get all your errands done by walking the span of just a few city blocks? The doc knew you on a first name basis and you didn't need arrows and signs to navigate from the waiting room to the exam room? No, you aren't back in the good old days, but you can find convenient & professional healthcare services right in downtown Ladysmith sprinkled in among the banks, cafes, stores & barber shops. You can also find the same personal & friendly small town service that you came to expect back then too.
